ABOUT ME

Highly motivated Software Engineer with a solid academic background and a strong software development track record. Graduated with a Bachelor in Software Engineering from Haramaya University, earning a **Gold Medal for my perfect 4.00 CGPA** with all 35 A+ grades.
I won first place in the **Huawei ICT Competition 2022-2023 Cloud Track** and represented my country in the Regional Final against North African countries. I am skilled in Django, React.js, PostgreSQL, with experience in user-focused systems and AI applications, like an **Afan Oromo Spell Checker.**
I pride myself on strong teamwork and integrated backend and frontend systems—all with a mind toward user experience. Very much looking forward to applying the skills of a **Data Science, AI and Software Development professional** in ongoing projects that truly make a difference.
